PRODUCT DETAILS

The carbon collection presents a whole new array of color options on our most innovative Flexfit Delta® cap. It's fortified with carbon fiber-like grid for stretchability and durability while featuring the same revolutionary no-seam construction and stain-block technology. Match it with any style and performance with its groundbreaking technology and sleek, polished look.

- Lighter, sleeker, smarter cap for performance
- Hard buckram. Structured
- Closed back. Stretch fitted
- Black undervisor, 1-row stitching on visor
