YEARS

1995 - 2020

## 25 YEARS... AND COUNTING

In this, our 25<sup>th</sup> year, we bring to you our most exciting brochure yet. Not only because it marks 25 years of doing what we do best, but also because it marries together our four individual brands and their extensive ranges of new releases and all-time favourite products. Between the covers you'll find all you need to know, from our fresh new 2020 products at the very front, to the complete collections you already know and love towards the back.

We hope you enjoy using the brochure as much as we did putting it together for you. We've poured 25 years' worth of innovative design, uncompromising quality and unparalleled industry insight into every single product and we're thrilled to finally be sharing them with you. Expect more of what we've always given - a rich offering of products that always have 'designed for decoration' laced through their very DNA.

Our ethos hasn't changed either. We're still passionate about trading ethically and doing all we can to strengthen our long-term commitment to sustainability and protecting our precious planet. This year we've expanded our range of organic cotton products, further complementing our Fairtrade collection and also introduced recycled polyester fabric as part of our new ranges. The environmental revolution continues apace into 2020, which is why we wanted to make sure you and your customers are even more spoiled for choice when it comes to making more ethical decisions.

We're delighted to have come this far and achieved so much in a quarter of a century but believe us when we say this is just the beginning of an epic story. Today, we celebrate; tomorrow, we hit the ground running into our next 25 years!

WELCOME

## DESIGNED FOR DECORATION

---

The potential for quick, easy and profitable decoration is designed into every Beechfield Brands product.

Our 'Retail-Ready' products are perfect for embellishment, whether it's a screen printed logo, embroidered brand, digital print image, or heat applied transfer. The good news is that all of our products are specially developed with these decoration processes in mind.

Fabrics are tested for compatibility with the most popular printing inks, embroidery threads and transfer papers. Features are positioned to give maximum scope for branding and creative expression. Finishing details are selected to complement and enhance surface decoration opportunities.

In short, we've created the products specifically for decoration; now it's over to you...

## ETHICAL PRINCIPLES

---

Beechfield Brands is committed to upholding the highest ethical and environmental standards throughout our entire supply chain.

We operate according to an ethical policy that protects and rewards every individual involved in the manufacture and supply of our products. The ethical policy references and respects local laws, with regard to wages, health and safety, workers' welfare and human rights. It expressly forbids the use of coerced/forced labour, including child workers.

Our field based staff carry out full audits on all of our manufacturing partners to ensure that our ethical standards are constantly maintained.

We endeavour to protect the quality of the environment through sound environmental practice. We ensure that our manufacturing partners meet or exceed all local environmental laws and regulations, and we promote energy efficiency and the reduction of waste at every stage of production.

We stay continually updated on REACH legislation, commissioning regular fabric and component testing to ensure compliance with this strict European product safety and environmental protection standard.

We know the value of your image and good reputation. You can rest assured that choosing Beechfield Brands will only ever enhance your own ethical and environmental credentials.

# WEAR, DON'T WASTE

The new Bagbase Recycled collection is designed for those who want both fashion-forward styles and sustainable products. The manufacture of each of the bags in the collection re-utilises discarded plastic bottles to produce 100% recycled polyester fabric. Choosing this new collection gives those bottles a new wearable lease of life and reduces the amount of plastic waste ending up in landfill.

## OUR 1%

1% for the Planet is a partnership of companies that understand just how important it is that we protect the world we live in. Its members are concerned with the social and environmental impacts of industry, and know they have a part to play themselves. Together, they pledge their commitment to greater corporate responsibility from businesses, uniting donors and doers to help accelerate smart environmental giving.

The 1% for the Planet initiative operates as a non-profit organisation. It encourages businesses to help safeguard the environment by donating 1% of their turnover to grassroots environmental groups making a difference in their local communities. Through the Westford Mill brand we are members as we recognise our own responsibility to the planet and take it very seriously. That's why 1% of our Westford Mill annual sales are donated to projects that share and reflect our passion. It's not just about money though, we also make sure our staff are given the time and opportunity to actively volunteer in environmental and community projects local to them.

Carbon Literate Organisation  
Bronze

## THE CARBON LITERACY PROJECT

As part of our 1% for the Planet membership we are also long-term supporters of the Carbon Literacy Project, who are advancing the education in conservation, protection and improvement of the physical and natural environment.

Carbon Literacy: "An awareness of the carbon dioxide costs and impacts of everyday activities, and the ability and motivation to reduce emissions, on an individual, community and organisational basis."

WESTFORDMILL.COM

## FAIRTRADE COTTON

Made with cotton that was bought at a price that allows cotton producers in developing countries to sustainably invest in their businesses and communities.

## GOTS

The Global Organic Textile Standard (GOTS) is the worldwide leading textile processing standard for organic fibres, including ecological and social criteria, backed up by independent certification of the entire textile supply chain.

## 100% ORGANIC

The Organic Exchange 100 Standard provides a scheme for independent verification that 100% certified organic cotton has been used to create the finished goods - [www.organicexchange.org](http://www.organicexchange.org).

Verification is carried out for Westford Mill by Control Union - [www.controlunion.com](http://www.controlunion.com).

Westford Mill hold licence number CU 811033.

# PRODUCT DECORATION & FEATURE ICONS

Throughout this brochure we have included a number of icons to highlight important features and decoration guidance.

Laptop compatible up to 15.6"

Laptop compatible up to 17"

iPad compatible

USB Charging Port

Water resistant

Waterproof fabric

Enhanced Visibility

Made from easy tear fabric, the label can be removed in seconds to leave an unbranded 'retail-ready' product.

The figures within the grey box represent the maximum suggested dimensions, in centimetres, for screen printed or transfer applied logos.

Flat bed hoop – the product can be embroidered on a flat bed or drop-table embroidery machine. The number denotes the maximum hoop size.

Tubular hoop – the product can be embroidered on a drop-table embroidery machine only. The number denotes the maximum hoop size.

This information is given as a general guide only, products should always be tested to confirm suitability for a particular decoration method.
